Project Name

Product Specification

Draft: Version Number

Last modified: 2014.01.09 11:00 UTC-0800

Project Name: Revision Summary

⭐ **Latest Revision: Draft: Version Number (YYYY.MM.DD)**

Date: **2013.12.10**
Author   Author - Email Address
Revision: ⭐ A. Draft: Version 1
Changes: First draft of product specification.

Project Name: Contents

⭐ **Denotes update to page in Draft Version Number**

High level overview to familiarize all parties with the product specification for a given project. Reiterates that this is a living document and a work in progress. Breaks down the overall product...

Allows for a place to detail out various and sundry notes, with regards to engineering, UX, visual design, product thoughts, etc...

Project Name: GitHub Stories

Provides a contextual list of all GitHub stories associated with a given project. Click to view full story on GitHub.

NOTE: This list is for the high level stories, not the individual issues that may arise throughout the course of the project (though if a bug/issue is large enough to alter a story/feature, it should be included here).

⭐ **Denotes new stories**

[#X - GitHub Story](#)

Allows for displaying a high level system workflow... arguably based on conversation with engineering to insure accuracy...

Legend

⬭ Start/End   ⬡ Preparation Step

▢ Screen   ◇ Decision

▯ Predefined Process   ⬓ Data

Project Name: Feature Workflow Detail

Allows for showing a more refined workflow for a specific feature... arguably based on conversation with engineering to insure accuracy...

Legend

⬭	Start/End	⬡	Preparation Step	
☐	Screen	◇	Decision	
⬓	Predefined Process	⬠	Data	

Visual comp of given screen, with brief description. Annotations follow on next page.

Max 16.5in x 9in

Project Name: Screen - Annotated Item

Related GitHub Stories:
Just the high level stories, not the individual issues that may arise.

Brief description of what is shown at the right.

**NOTE:** Add notes and questions as necessary.

1 - Item being annotated
Annotation of given item, including as much specific detail as possible.

2 - Item being annotated with children
Larger description of the given item.

2a - Child item
Annotation of given child item, including as much specific detail as possible.

2b - Child item
Annotation of given child item, including as much specific detail as possible.

2c - Child item
Annotation of given child item, including as much specific detail as possible.
